Revised December 2022

Introduction

Community Living Kingston and District's (CLKD) Accessibility Policy guides the agency's work in the areas of accessibility. The Accessibility Policy Statement is the agency's commitment statement and is as follows:

CLKD strives at all times to provide all of its goods and services in ways that respect the dignity and independence of people with disabilities. The organization is also committed to providing access to support and services in ways that take into account peoples' disabilities and specific requirements for the provision of service. This policy applies to all people with disabilities whether they are seeking services from our organization, seeking employment with our organization, visiting, or volunteering with our organization. The agency will comply with the requirements of the Accessibility for Ontarians with Disabilities Act, 2005, AODA, the Ontario Human Rights Code and all other related legislative requirements.

Description of CLKD

CLKD was incorporated in 1953 to support people who have an intellectual disability and their families. The agency has a strong membership governed by a volunteer Board of Directors elected annually and consisting of family members, self-advocates, and community leaders. Our mission is: *"That people with intellectual disabilities have every opportunity to participate fully in our community with dignity and independence"*

CLKD provides supports and services to over 600 adults and children with intellectual disability. This includes residential services, employment services, preschool resource consulting, non-vocational day programs, family support, respite, passport, and emergency support for both adults and children. In addition, CLKD provides a range of recreational and summer programs. Approximately 280 employees provide quality supports.

Accessibility Goals

CLKD is dedicated to meeting the needs of people with disabilities in a timely manner and will do so by working to prevent and remove barriers to accessibility through advocacy work and as available resources allow.

Accessibility Documents

CLKD will address accessibility via a number of documents:

- This Multi-Year Accessibility Statement, which provides an overview of all activities. This statement will be reviewed annually and updated as needed.

- An accessibility policy- *Human Resources 2.08- Meeting Accessibility Needs of Stakeholders*. This policy will be reviewed annually and updated as needed.
- An *Accessibility Plan* (multi-year) that identifies and addresses accessibility issues in the community including locations owned/leased/operated by CLKD. The agency is dedicated to identifying and removing barriers that limit and restrict the ability of people with disabilities from fully accessing the community and our locations. This plan will be updated annually. This plan identifies the following:
 - o Barriers that were addressed or removed by the agency over the past year;
 - o Barriers that have been identified and CLKD intends to address as well as new ones brought to the agency's attention. Completion deadlines may or may not be in place;
 - o Barriers that have been identified but the agency is unable to address at this time;
 - o This plan will address an array of accessibility concerns, including architectural, environmental, attitudinal, community integration, communication, technology, employment, transportation, and financial.
